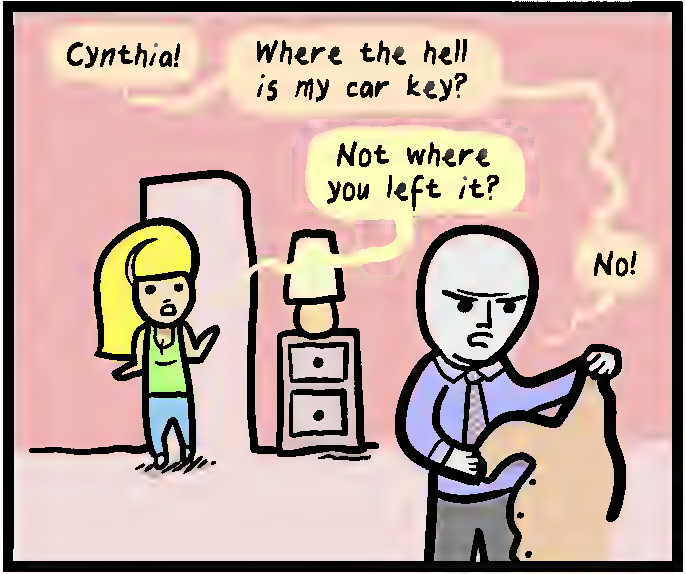
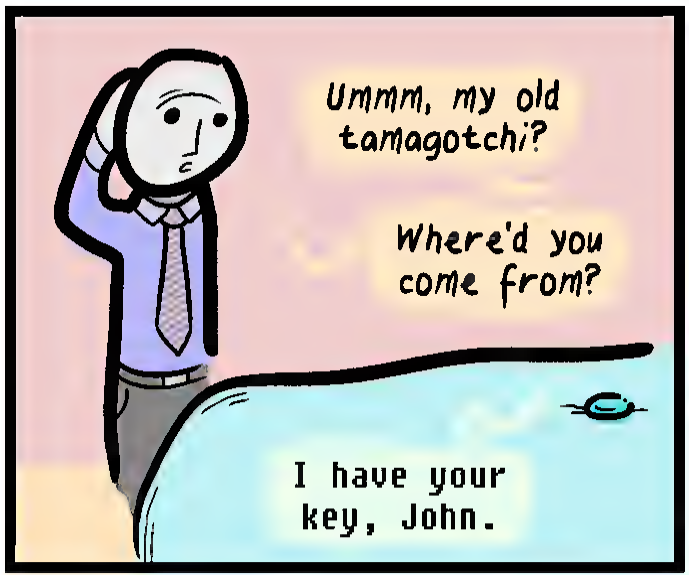
Car key

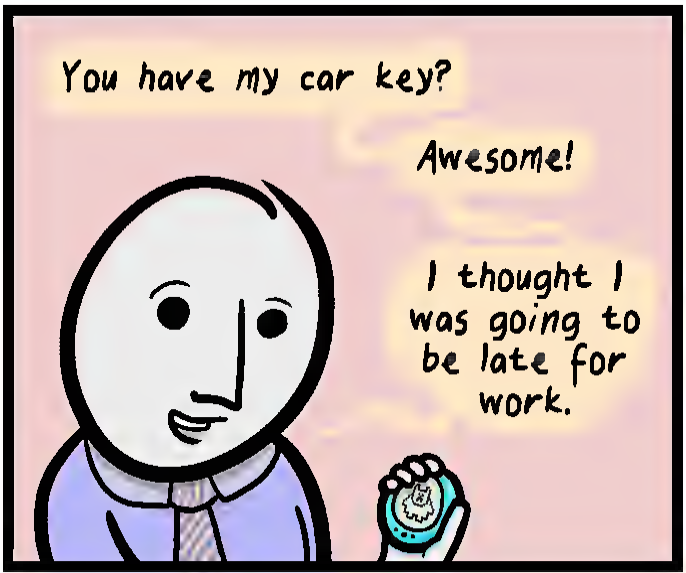


Cynthia!
Where the hell is my car key?
Not where you left it?
No!

I know where your car key is.

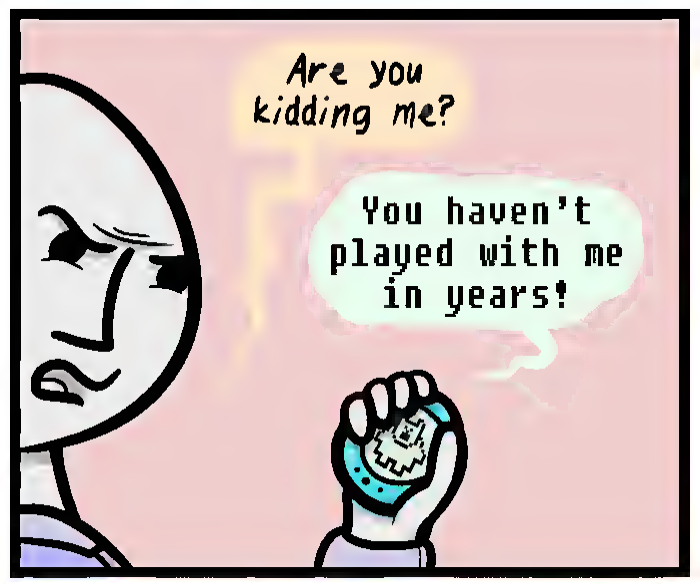


Ummm, my old tamagotchi?
Where'd you come from?
I have your key, John.

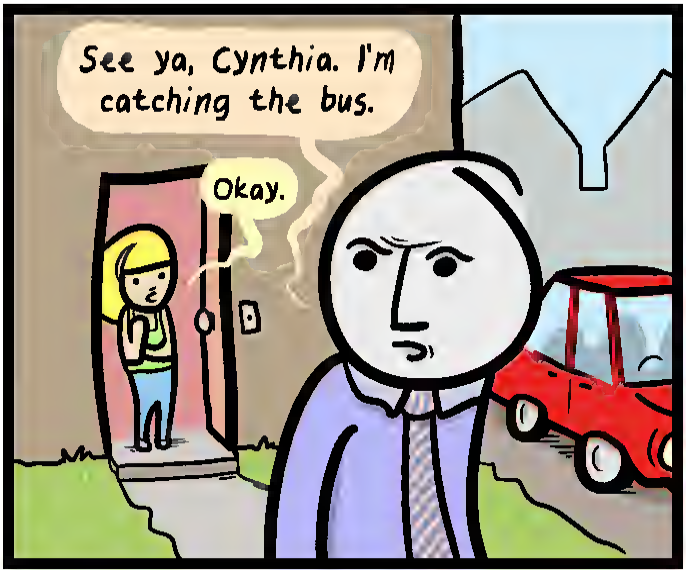


You have my car key?
Awesome!
I thought I was going to be late for work.

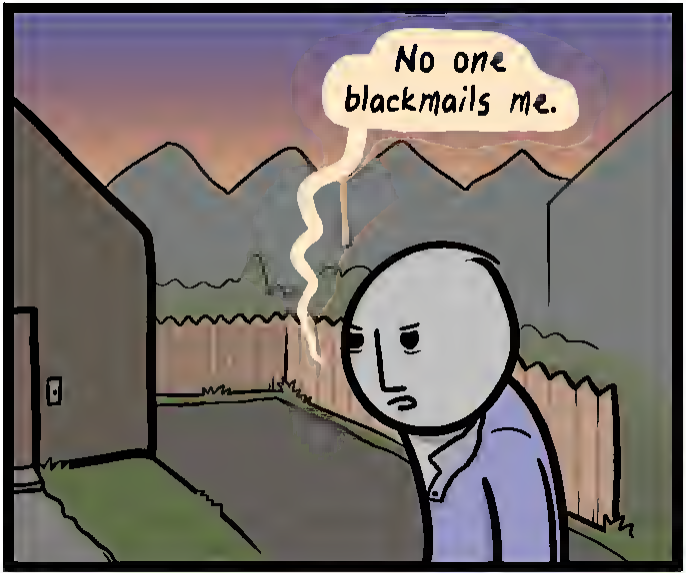
Pass me the key.
I will...
but first we play.



Are you kidding me?
You haven't played with me in years!

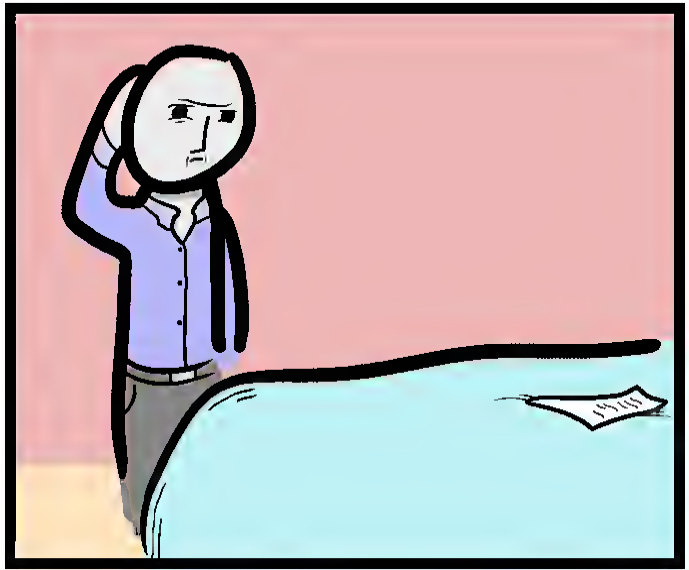


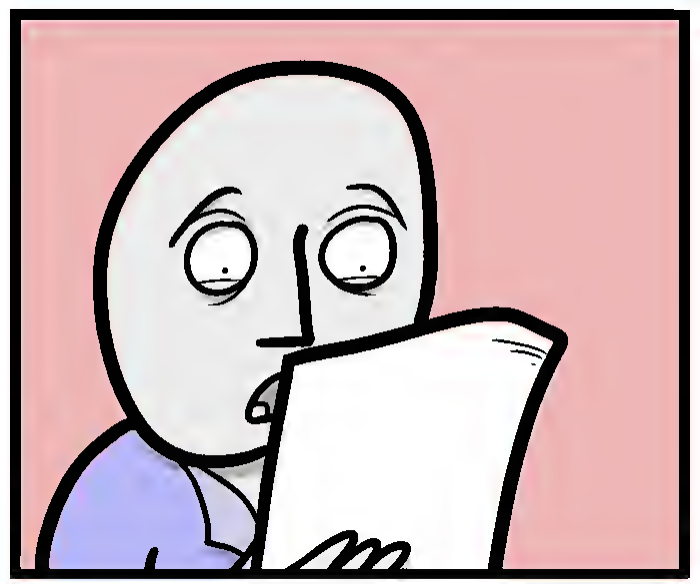
See ya, Cynthia. I'm catching the bus.
Okay.



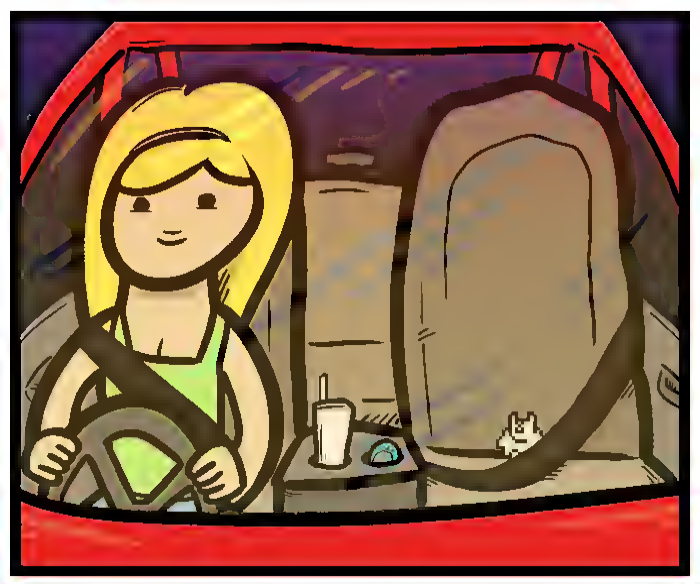
No one blackmails me.

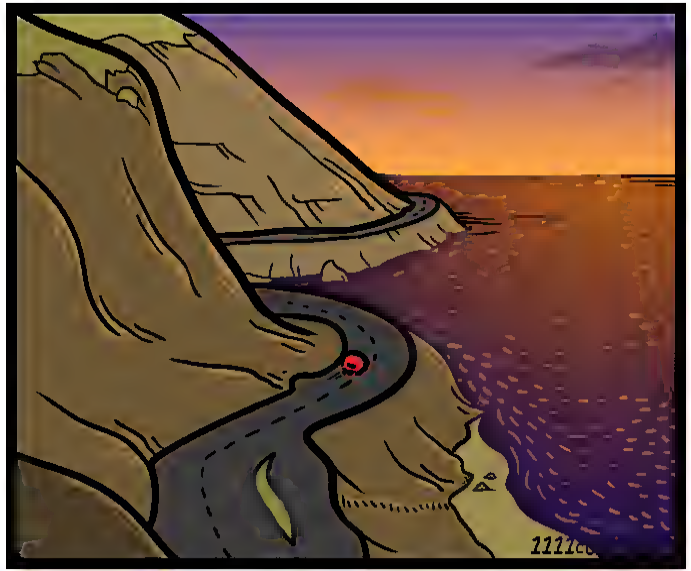
Where's the car?





John,
it is clear to me
you don't
understand my
loneliness and
need for attentio
I've found somebo
who does. Goodby
Love, Cynthia





Time for B.
Shall we continue a story,
or pick a new animal?
